Seven Hills Branch

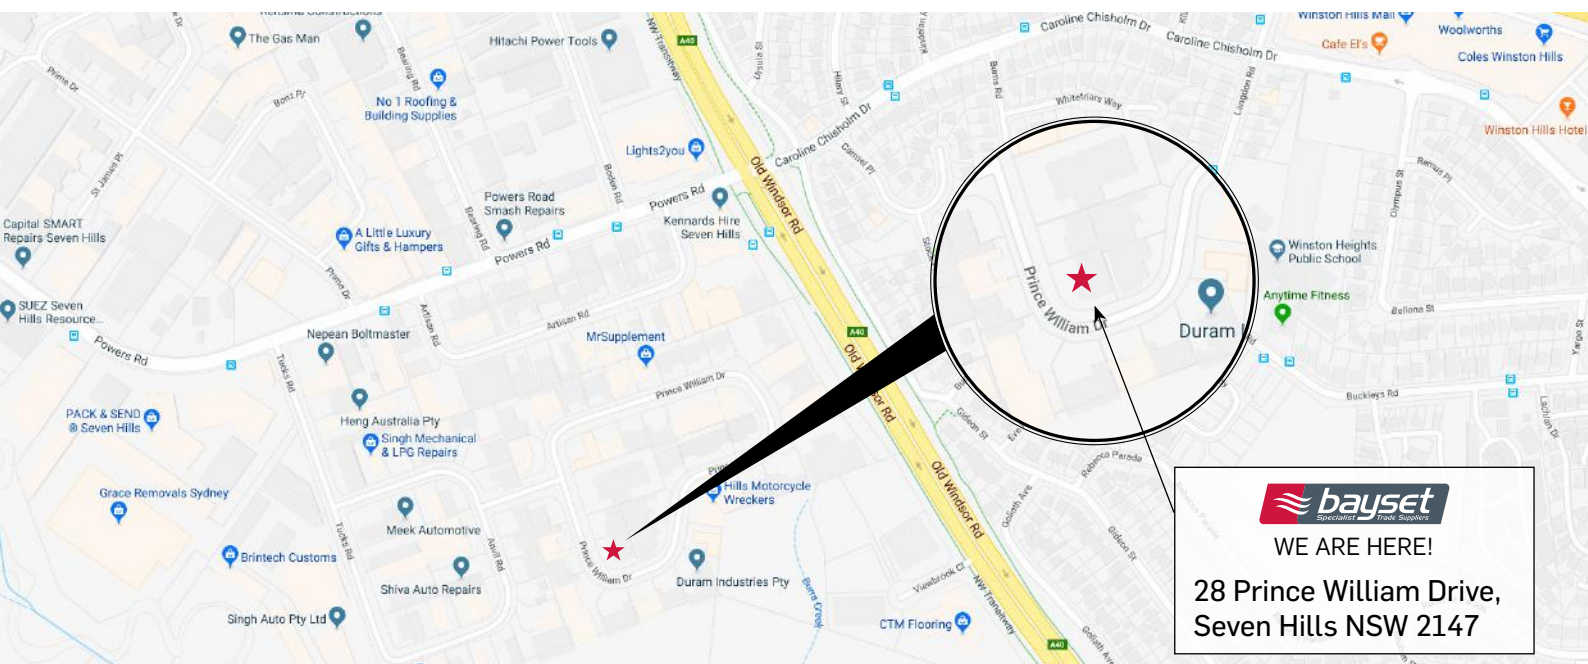

Established in 2000, Bayset is an energetic Australian owned business providing solutions to the Waterproofing, Flooring and Concrete Repair industries. We operate 12 conveniently located branches in Queensland, Sydney & Melbourne and supply goods and services across Australia.

Our senior technical team have over 184 years hands on experience in all areas of the building envelope, from basements to roof tops. Our long-term partnerships with technically advanced global companies ensure our customers have access to current technologies within their chosen field of expertise. With local, knowledgeable, well-trained staff, Bayset prides itself on providing practical solutions for all your difficult problems. Our competitive pricing and prompt delivery make Bayset your ideal supply partner.

Our vision is to be the partner of choice within the waterproofing, flooring and concrete repair industries leading the way with new technologies, best practice and customer service.

Showrooms and dedicated training areas are an important part of the Bayset offer, allowing our customers, suppliers and team to interact and learn from our industry experience. We provide continued professional development for architects and engineers and facilitate product training days throughout the year. These are held in our purpose built wet area training rooms and lecture theatre. An in-house product testing laboratory has been incorporated into our new training areas.
