

## MACQUARIE UNIVERSITY ROOF TOP

MACQUARIE  
University

**Date:** May 2020  
**Project:** Macquarie University  
Roof Top  
**Client:** Builder FDC -  
for Macquarie University  
**Applicator:** Titan Waterproofing  
**Application:** Waterproofing

Re roof of existing structure involving:

- Extensive substrate preparation
- Installation of mechanically fixed insulation layer
- Self-adhered base sheet membrane
- Fully welded cap sheet membrane

There was a tremendous amount of detailing required on this project due to extensive roof plant and equipment already in situ.

### PRODUCTS / MACHINERY USED

- Soprema SOPRALENE® Stick
- Soprema ANTIROCK® Membrane
