

# Prosil Cleaner 1

Dated: 13/02/2019

## Cleaning Solution

### PRODUCT DESCRIPTION

**Prosil Cleaner 1** is an IPA cleaning system packaged in a convenient 300g Aerosol Can. Used to clean substrates prior to sealing with Admil branded silicones and sealants to ensure strong adhesion and performance. **Prosil Cleaner 1** is developed to remove oils, grease and other contaminants on many different substrates.

**Prosil Cleaner 1** is suitable for use as an adhesion promoter for Silicone, MS Polymer, Polyurethane and many other adhesives and sealants.

### SUITABLE SUBSTRATES\*

- Glass
- Stainless Steel
- Aluminium
- Plastics
- Metal
- Copper
- Galvanied
- Powder Coatings
- Fibreglass

*\*Always test **Prosil Cleaner 1** on non-visible section to ensure no adverse reactions*

### DIRECTIONS FOR USE:

To clean, spray **Prosil Cleaner 1** onto substrate surface, and wipe off with a dry lint free cloth before it dries. If there is risk of overspray, spray **Prosil Cleaner 1** onto a clean lint free cloth and wipe surface before it has evaporated. If necessary, a repeat of process may be required to remove excess contaminants. Ensure surface is completely dry before applying and Admil branded silicone or sealants.

### TYPICAL PROPERTIES

PROPERTY	VALUE
<b>Appearance</b>	Colourless Liquid
<b>Odour</b>	Alcohol-like
<b>Evaporation Rate</b>	3.0
<b>Relative density</b>	0.785g/cm <sup>3</sup> at 25°C

Note: All data is provided based on 25°C and 50% Humidity Conditions

### LIMITATIONS

Do not use on Polycarbonate materials. Some substrates are affected by strong solvents, always test in a non-visual section for compatibility before use.

### PACKAGING

**Prosil Cleaner 1** is available in 300g aerosol cans and packaged in cartons of 12.

Part No: 1A105322

## Prosil Cleaner 1 – Technical Data Sheet

### DISPOSAL

Please dispose of empty containers and residue in accordance with your local waste management regulations.

### STORAGE

Store in tightly closed original containers out of direct sunlight between 10 and 25°C. Do not freeze.

### SAFETY DIRECTIONS

#### Swallowed

If swallowed, do NOT induce vomiting. Give a glass of water. Seek medical advice.

In use, please ensure that Occupational Health and Safety requirements are observed.

**Eyes:** If in eyes, hold eyes open, flood with water for at least 15 minutes and see a doctor.

**Skin:** If skin contact occurs, remove contaminated clothing and wash skin thoroughly. If irritation occurs seek medical advice.

**Inhaled:** Remove from contaminated area. Apply artificial respiration if not breathing. Seek medical advice

#### First Aid

For any advice contact Poisons Information Centre (Australia Ph: 13 11 26; New Zealand 0800 764 766) or a doctor at once. In case of contact with eyes, rinse immediately with plenty of water. For further information refer Safety Data Sheet
